### *Form of Proceeding in the Recovery of Small Debts.*

Debts may be recovered in a summary form, before the Justice of Peace Court, to the extent of £5; and before the Sheriff Courts, to the extent of £8, 6s. 8d.

The first step is to set forth, in a complaint or libel, agreeably to a prescribed form, [the Clerks of Court will provide the necessary forms,] the origin of the debt, or ground of action, and to cause the same, with a copy of the account, if any, to be served on the defender.

A warrant will, at same time, be obtained to cite witnesses, and to use arrestments.

The parties may appear either by themselves or by members of their families, or others whom the Court may authorise; but in no case by persons practising the profession of the law, without special leave.

If the defender fail to appear, after being cited personally, he will be held as confessed, and judgment will be given against him.

If the defender has not been cited personally, he will receive a second citation; after which, whether given personally or not, he will be held confessed, as above.

But, when decree is given in absence against the defender, he may, before the expiry of the charge, apply for a re-hearing, on consigning the sums decerned for.

If decree in absence be given against the pursuer, he may, within one month, obtain a re-hearing on consigning 2s. 6d. if the case be before the Justices; and the expenses decerned for, if the case be before the Sheriff.

The case will be adjourned, upon the pursuer or defender offering a suitable excuse, or if any witnesses be absent.

If decree be given against the defender, in his personal presence, diligence may proceed against him by arrestment instantly; and by poinding and sale, at the end of ten days.

If decree be given against the defender, in his absence, poinding and sale, as above, can only follow after a charge of ten days.

The defender, on showing cause, may be allowed to pay the sums decerned for by instalments.

The decrees of the Sheriff may be executed in any county, on the same being indorsed by the Clerk of such county.

Any arrestments, used in cases before the Sheriff, must be used within sixty days after the warrant is obtained, and renewed every three months; and such arrestments may be loosed on offering sufficient caution, or on showing evidence of absolvitor, or payment, or on consigning the sums demanded, if before decree.

The above forms will apply to any action of forthcoming whatever, before the Sheriff or Justices, for making effectual arrestments; but in such actions, both the defender and arrestee must be cited to appear in Court on the same day.

Decrees, pronounced in this summary form, by the Sheriff, will only be reviewable by the next Circuit Court of Justiciary, or, if there be no Circuit Court, by the High Court of Justiciary, at Edinburgh, on the ground of corruption, or malice, or oppression, on the part of the Judge.

Such decrees, when pronounced by the Justices, will only be reviewable by a reduction before the Court of Session, on the ground of malice and oppression, on the part of the Justices; and such reduction will only be competent for one year, and finding caution for costs.

No person shall be exempted from the Jurisdiction of Justices or Sheriffs in such cases, by reason of privilege as a member of the College of Justice.

1st, Every Carter shall enter his name and place of residence in a book to be kept for that purpose, in the Town Clerks' Chambers, and must find security for the faithful and honest discharge of his duty under a suitable penalty; and any Carter plying in the streets, and neglecting to find such caution, shall forfeit a sum not exceeding two pounds sterling for each offence.

2d, Every Carter shall be furnished with a badge, which will be numbered according to the order in which his name is entered. These badges must be worn constantly by the Carters when at work; and they must immediately get the number which is on the badge, painted on some conspicuous part of their Carts, under a penalty of ten shillings for each offence.

3d, Every Carter who shall refuse to work when not engaged, or who shall demand higher fares than those specified in the foregoing Table, shall be liable to a penalty of ten shillings for each offence. And every Carter, who says he is engaged, shall, upon being asked, specify the person by whom, and the hour at which, he is engaged, and he shall not refuse to be employed in the interval between the time he is so asked, and the hour of his engagement, under a like penalty of ten shillings for each offence.

4th, Every Carter shall be furnished with, and shall always carry about with him, a copy of these Regulations and Fares, which he shall produce and show, when required, to his employers, under a penalty of ten shillings for each offence. And,

### *Regulations and Table of Fares for the City Porters.*

By the Police Act, Section 103, no person is allowed to ply, or work on the streets of the City or liberties, for hire, as a Porter, without first entering his name, and place of residence, in a book for the purpose, in the Town Clerk's Chambers, and without giving Bond for the faithful and honest discharge of his duty, under such penalty as to the Magistrates shall seem proper, and without having a badge or ticket containing his number.

Persons wishing to be admitted as Porters must apply to the Magistrates, by petition, stating their place of nativity, age, residence, and former employment, and produce satisfactory certificates as to character. On being admitted, and before being allowed to ply, each Porter must implement the above enactment; and he shall thereafter strictly conform to and observe the following Regulations:—

1st, He shall renew his bond at the expiry of three years, and, on the decease of the Cautioner, or his removal from the City; which decease or removal, he shall, within eight days thereof, intimate, in writing, to the Town Clerks, and Superintendent of Police, and he shall also, in the same manner, and within the said time, intimate his own removal or change of residence.

2d, He shall wear his badge or ticket conspicuously on the left breast of his coat, which badge shall be of brass, and have inscribed the words "City Porter," and the number, in the order of his admission; and he shall also have a transcript of said inscription painted legibly on the right side of his barrow or hurley.

3d, He shall not, when unengaged, refuse employment when offered, whether on his station or not; and, if he allege previous employment, he shall, when required, specify the nature and time of his engagement.

4th, He shall not demand higher fares than those specified in the sub-joined Table; a copy of which Table, with these regulations, and also a small plan of the City, divided into sections of a quarter of a mile, he

shall always have in his possession, and produce to persons employing him, when required.

5th, When stations or districts are allotted to Porters, which shall be done by the Superintendent of Police, the Porters, except on extraordinary occasions, such as the Term time, when they are generally employed at *flittings*, shall not offer themselves for hire beyond the district assigned to them.

6th, Not more than four Porters shall stand at any corner of a street or other station; and, as one station may be more advantageous for employment than another, they shall be so arranged as that each may have an equal opportunity of obtaining it. Thus, if the south corners of Glassford Street shall be deemed the most favourable, the four Porters who have been longest in the service shall take the west corner—the next four in order shall take the east corner—the next four shall take the west corner of Stockwell Street—and the next four the east corner of Stockwell Street; and, when a vacancy takes place, by the employment or absence for a quarter of an hour, of any on the more advantageous stations, in this order—the Porter first on the next station, for the day, shall have the right of moving to it—that is to say, the first of the four at the west corner of Stockwell Street to the west corner of Glassford Street—and the first of the four at the east corner of Stockwell Street to the east corner of Glassford Street; or, the first at the east corner of Stockwell Street may move to a vacancy at the west corner of Stockwell Street. The same rule shall be observed at the Cross, the south end of Candleriggs, and the north end of King Street; the south end of Buchanan Street; and the north end of St. Enoch Street; and at the other parts of the City where there are intersecting streets, or where there are two or more stations near each other.

7th, Not more than six Porters shall resort to or take up a station at any Coach Office, Inn, or other place at which Stage Coaches arrive. On the arrival of Coaches, the Porters shall stand in a line on the kirb-stones of the pavement; and they shall not leave the kirb-stone or interfere with passengers' luggage, till singled out and engaged. They shall not importune, call out, or make any signal to passengers for employment; and, unless specially selected by passengers, they shall take hire in rotation, each in regular succession.

8th, The object of these arrangements being to insure good order on the one hand, and a fair opportunity of regular employment on the other, the Porters must strictly attend to their operation. For this purpose, they may establish rules among themselves, provided these are sanctioned by the Superintendent of Police, who may alter or rescind them, and provided they are not inconsistent with the Regulations hereby enacted. In the event of dispute or misunderstanding among them, the same shall be determined by the Superintendent. And, as a corrective of improper conduct, the Superintendent may remove such as do not comport themselves with propriety, to an inferior station, and promote the next in order.

9th, No porter shall appear on his station intoxicated; if he does, he shall be removed, and the next in order shall take his place. All Porters are prohibited from standing on the pavement or crossings, to the obstruction or annoyance of the lieges; as also from smoking, when upon their stations, or in any manner giving offence. In general they are enjoined to conduct themselves orderly among themselves, and discreetly towards the public; to obey the instructions of the Magistrates; and to assist the

Police in cases of emergency, and on all occasions when required by the Superintendent, or the officers acting under his authority.

10th, Porters contravening, or not conforming to these Regulations will subject themselves to a penalty not exceeding forty shillings; which penalty shall be awarded, and the Regulations enforced in a summary manner, by the Sitting Magistrate in the Council Chambers or Police Court, who may also dismiss from said employment, and deprive of their badge, such as shall offend.

### *Stamps.*

Stamps may be procured at the General Office, Glassford Street, Stamp Office, and at the several Receiving Houses. Labels 1d. and 2d. each, and Covers 1 $\frac{1}{4}$ d. and 2 $\frac{1}{4}$ d. each.

All Letters bearing Stamps equal in Value or Amount to the Rates of Postage now chargeable on such Letters if pre-paid, pass *Free*, if posted within the UNITED KINGDOM.

When the Value of Stamps on the Letter is less than the Amount of the Postage to which it would be liable, if pre-paid, the Letter will be charged double the Amount of such difference on delivery.

Stamps may be used for *Printed Votes* and *Proceedings in Parliament*, and on Foreign, Colonial, and Ship Letters, &c. *outwards*. If any Letter, however, addressed to places beyond sea, bear an insufficient number

of Stamps, it will be sent to the Dead Letter Office, to be returned, in all practicable cases, to the writer. Stamps are *not* permitted to be used on Letters arriving in the United Kingdom *from the Colonies or Foreign Countries*.

These Regulations are applicable to Newspapers in those cases where they are liable to Postage.

Members of either House of Parliament are entitled to receive free of charge petitions addressed to either House of Parliament, provided they are sent in covers open at the sides, and *do not exceed the weight of thirty-two ounces*. Addresses to Her Majesty go free of postage.

Printed Votes and Proceedings in Parliament are charged at the following rate between places in the United Kingdom, and between the United Kingdom and the Colonies when conveyed by packet, but not through France nor to the East Indies.

Not exceeding 4 ounces, . . . . . 1d.

Exceeding 2 ounces and not exceeding 8 ounces, . . . . . 2d.

Exceeding 4 ounces and not exceeding 12 ounces, . . . . . 3d.

and so on in proportion. Pre-payment optional.

Letters of Soldiers and Sailors remain unaltered, with the exception, however, that this privilege is restricted to the cases in which they shall not exceed half an ounce in weight.

Letters and packets exceeding sixteen ounces in weight, with the exception of those classes mentioned below, are sent to the Dead Letter Office to be returned to the sender.

EXCEPTIONS.

Parliamentary Petitions, and Addresses to Her Majesty.  
Parliamentary Proceedings.

Letters and packets addressed to, or received from places beyond sea.

Letters and packets to and from public departments, and to and from officers who formerly franked by virtue of their office.

Deeds, if transmitted in covers open at the sides. These may, however, be tied with string and sealed to prevent inspection of the contents, though they must be left open at the sides that it may be seen that they are entitled to the privilege.

RE-DIRECTED LETTERS will be charged an additional postage for each re-direction according to the pre-paid scale.

BOTTLES,

Containing liquid, and articles of a brittle nature, should not be forwarded through the Post, as they are almost invariably broken, either by the operation of stamping or by the friction of the Mail Coaches. It is besides improper so to transmit such articles, as by accidents to them, the seals of Letters in the bags may be damaged, the Letters mutilated, or their addresses entirely effaced. For similar reasons, articles having SHARP OR HARD EDGES should not be transmitted through the Post.

A SYSTEM OF REGISTRATION

Has been in operation since 6th of January, 1841, and *Letters, whether containing Coin or not*, can be registered on payment of a fee of ONE SHILLING, in addition to the *Rates of Postage* on Inland, Colonial and Foreign Letters. On those for delivery *within France*, the charges, besides the registration fee of one shilling, will be the *English rate to France*, in addition to double the *French rate* to the place to which the Letter is addressed. A printed acknowledgment, stamped with the office stamp, will be given to any person registering a Letter. Registered Letters will be taken until within half an hour of the closing of the Box for the particular Mail by which they are to be despatched. Registered Letters bearing a sufficient number of Stamps will be considered Paid Letters, but the *registration fee of one shilling must always be paid in money*.

In the case of Foreign, Colonial, or Ship Letters, it must be clearly understood, that Registration cannot extend beyond the Port of despatch in the United Kingdom, though parties, if they wish it, may register Letters to such Port. Letters, however, addressed to France, and Letters passing through France, are exceptions to this rule, the French Post Office undertaking to provide for their security till they shall have been delivered, *if addressed to France*, and so long as they remain in the French territory, *if passing through France*.

The arrangements for carrying out the system of Registration have been made with the view of ensuring the punctual delivery of Registered Letters; on their delivery the parties to whom they may have been addressed will be required to acknowledge in writing their receipt. Thus providing a secure mode of transmitting Bank Notes, Bank Post Bills, Drafts, &c. &c.; and persons having occasion to send by Post *small sums* will avoid risk by sending the money through the medium of

THE MONEY ORDER OFFICE,

South side of the Bar Lobby, General Office, Glassford Street. The charge for such Orders will be threepence on sums under *two pounds*,

and sixpence on sums between *two* and *five pounds*. To avoid trouble, it must be understood that the party in whose favour the order is drawn must attend *personally* to receive it.

No order will be given for sums beyond this amount.

Money orders can be granted on the towns in the following lists having the letters "*m*" or "*o*" prefixed. They can also be drawn by these towns on each other and London.

### *List of Post Towns and Sub-Offices in Scotland.*

With the hours at which the Box is closed at the General Office, Glassford Street.

*When two places are mentioned, reference must be made to the latter for the hours of despatch.*

The Offices upon which money orders can be granted, have the letter "*m*" prefixed.

Letters for Dublin and the Post Towns south of that city are forwarded, *via* Liverpool, by the English morning mail, when posted after the despatch of the direct mail, *via* Portpatrick.

## FOREIGN MAILS.

### *Ship Letters.*

The single rate to places beyond sea, when conveyed by private ship, is 8d. under half an ounce, 1s. 4d. under an ounce, 2s. 8d. under 2 ounces, and so on.

Owners, Consignees, or Charterers, (resident in the United Kingdom,) and the Owners, Consignees, and Shippers of Goods on board vessels inward bound, are entitled to receive their letters free from sea postage, to the extent of six ounces. In case of vessels from *Ceylon*, *Mauritius*, *the East Indies*, and *the Cape of Good Hope*, the privilege extends to twenty ounces in weight. The Owner, Charterer, or Consignee, must be described as such in the address and superscription; and in case of Owners, Shippers, or Consignees of Goods, it must appear, by the ship's manifest, that they have goods on board.

A penalty of ten pounds is incurred by parties *falsely* superscribing a letter as Owner, Shipper, Charterer, or Consignee.

Letters from Foreign Countries, the pre-payment of which is required, when left at the office with *less* than the full postage, are sent to the Dead Letter Office, and returned to the writer, when practicable.

### *West India Mails.*

On the arrival of the packet from England, at Barbadoes, a *steam packet* is despatched with the Mails for Santa Cruz, St. Thomas, St. Juan Porto Rico, Cape Henri Haiti, St. Jago de Cuba, and Jamaica. The Mails for the Spanish Main are landed at Port Royal and forwarded in vessels appropriated for that service.

The Packet should reach Jamaica on the seventh day from the arrival of the packet from England, at Barbadoes, in which case she remains

eight days at Port Royal, but leaves as soon as possible after the expiration of the fifteenth day from such arrival from England, in order that the homeward bound sailing packet which, in the meantime, should have come up to Cape Henri, may not be delayed at that place by the non-arrival of the steamer from Jamaica at the proper time.

From Jamaica, the steamer proceeds with the Return Mails to St. Jago de Cuba, and thence to Cape Henri, where she delivers the Mails to the Falmouth Packet; after which, she touches at St. Juan Porto Rico, St. Thomas, Tortola, Santa Cruz, St. Kitts, Nevis, Mount Serrat, Antigua, Guadaloupe, Dominica, Martinique, and St. Lucia, in her route to Barbadoes.

On the arrival of the packet from England, at Barbadoes, a *second steamer* is despatched with the Mails for St. Vincents, Grenada, Trinidad, and La Guayra.

At La Guayra the steamer remains three days, and then returns by Trinidad and Grenada to St. Vincent, which Island she reaches about the twelfth day after her departure from Barbadoes, but in the event of her being able to accomplish the passage in less time, she then remains so much longer at La Guayra.

A *third steamer* is despatched from Barbadoes, on the arrival of the packet from England, to deliver Mails at Tobago, and proceed to Demerara, when the Mails for Berbice are disembarked and forwarded overland to their destination. The steamer remains five days at Demerara, and then goes to Barbadoes, calling at Tobago for the return Mails. She is expected to reach Barbadoes on the afternoon of the eleventh day from the departure from Tobago.

As soon as the sailing packet from England has delivered the before-mentioned Mails to the several steam packets, she proceeds to St. Thomas, dropping Mails at St. Lucia, Martinique, Dominica, Guadaloupe, Antigua, Mont Serrat, Nevis, St. Kitts, and Tortola; and on the morning of the twelfth day from the arrival of the packet at Barbadoes, the steamer from Demerara, which had arrived on the previous evening, or one of the spare steamers which may be in readiness at Barbadoes, proceeds with return Mails to St. Vincent, to take in the return Mails from that Island, Grenada, Trinidad, and La Guayra, and then touches at St. Lucia, Martinique, Dominica, Guadaloupe, Antigua, Mont Serrat, and Nevis; then returns to Barbadoes, calling at all the intermediate Islands in her route.

The La Guayra steamer, after having delivered the return Mails at St. Vincent to the vessel appropriated to carry them to St. Thomas, goes to Barbadoes, to be ready for the next packet from England.

As soon as the return Mails from La Guayra, Guiana, and the Windward and Leeward Islands, have been delivered to the sailing packet at St. Thomas, she proceeds to St. Juan Porto Rico, and Cape Henri, where she receives the Mails from Jamaica, Cuba, and the Spanish Main, and then proceeds on her voyage back to England.

The *return of the packets* is calculated—To and from Jamaica, 12 weeks—Leeward Islands, 12—Brazils, 20—Mexico, 18.

From *August to January* inclusive, the Rio Janeiro packet touches at Pernambuco and Bahia, on her outward voyage, and the other six months on her homeward.

*Government Packets from Falmouth.*

### *Letters not to be Sealed with Wax when sent to Warm Climates.*

The practice of sealing letters passing to and from the East and West Indies, and other warm climates, with wax, is attended with inconvenience, and serious injury to the letters, in consequence of the melting of the wax and adhesion of the letters to each other.

In the case of Mails received from India considerable delay is occasioned; and, notwithstanding the greatest care is taken in separating the letters, many are much damaged and torn; the public are therefore recommended in all cases to use wafers in preference to wax, in securing their letters sent to India or other warm climates, and also to advise their correspondents in those countries to pursue the same course.

### *French Lists.*

Letters to or from France may be posted unpaid, leaving the British and French rates to be paid by the receiver.

There is given below a list of the Post Towns in France, with the French postages attached to each for letters weighing under a  $\frac{1}{4}$  of an ounce; and these rates are increased, charging a single rate for each  $\frac{1}{4}$  of an ounce above that weight.

The following instances will show the manner of charging French letters:—

When paid to Calais, a uniform British rate of 1s. 8d. for each ounce can be taken, leaving the French rates to be paid by the correspondent in France, for instance:—

|                                    |           |         |
|------------------------------------|-----------|---------|
| Not exceeding $\frac{1}{2}$ ounce, | . . . . . | 10d.    |
| Not exceeding 1 ounce,             | . . . . . | 1s. 8d. |
| Not exceeding 2 ounces,            | . . . . . | 3s. 4d. |
| Not exceeding 3 ounces,            | . . . . . | 5s.     |

and so on in proportion.

When paid to their destination, the British rate, as given in the foregoing instance, must be added to the French rates, but it must be observed the French rates are not uniform like the British, but vary according to the distance from Calais; and that the mode of charging is likewise different, the French post-office charging a single rate for each *quarter of an ounce*.

## NEWSPAPERS AND SUPPLEMENTS TO NEWSPAPERS.

ALL Newspapers must be sent in covers, open at the sides, and no words or communication may be printed or written on such papers or covers after the same shall have been published, other than the name and address of the persons to whom they are sent; nor any thing enclosed or concealed in either newspaper or cover. Newsvenders *only* may print their names and addresses thereon. Newspapers may be examined by the Officers of the Post Office; and, if there be any breach of the above regulations, the packet is chargeable with treble the amount of postage which a letter of the same weight would have been liable to. Any person contravening the law, may, at the option of the Postmaster General, be prosecuted as for a misdemeanour.

\* \* \* As the mere affixing a Newspaper Stamp on any *new* periodical publication will not entitle it, *as a matter of course, to pass free by the Post*, those who may be about to publish, for the *first* time, any such paper, should submit a copy to the Postmaster General, in order that it may be determined whether the publication is of a nature that will entitle it to pass free of postage.

*Clause of the Act of 1st Victoria, cap. 34, sec. 32.*

“ And be it further enacted, that in all cases in which a question shall arise, whether a printed Paper is entitled to the privileges of a Newspaper or other Publication hereby privileged, so far as respects the transmission thereof by the Post under the Post Office Acts, the question shall be referred to the determination of the Postmaster General, whose decision, with the concurrence of the Lords of the Treasury, shall be final.”

## ALMANAC AND TIDE TABLE.

The flowing and ebbing of the sea, one of the most remarkable phenomena in nature, is caused by the attraction of the sun and moon on the waters of the ocean. Each of these luminaries produces an elevation of the waters, which astronomers distinguish by the names of the Solar and Lunar Tides respectively. The Lunar is greater than the Solar Tide, in the proportion of three to one nearly.

At new and full moon the influence of these bodies conspire, and the sum of the two tides is called a Spring Tide; but when the moon is in the quadratures, the bodies then acting at right angles to each other, the high water produced is the difference between the Lunar and Solar Tide, and is called a Neap Tide.

Although at places situated near the ocean the coincidence between the computed and observed time of high water is exceedingly near, yet at inland situations, to which the waters flow, as it were, indirectly, the irregularities, both as to time and elevation, are very considerable.

The *great tide wave*, flowing from the Atlantic Ocean to the British Isles, on arriving at the South coast, divides itself into three branches, one of which flows up the English channel, another enters St. George's channel South, the third flows round the West and North coasts of Ireland, and enters St. George's channel North, where it meets with the second branch from which it parted some hours before. The tide that flows up the Clyde is derived from these two branches combined, and it is easy to conceive how it must partake of all the irregularities produced *on them* by the action of high winds; and hence the reason of the anomalies that some times are observed, when no apparent cause is operating in the Clyde itself. High winds in the Clyde likewise affect the time and elevation of high water; and by considering the form and course of the Frith, it will be readily understood why a gale from a northerly direction, by opposing the flow of the tide, will cause the time of high water to be earlier, and the height of the tide to be less, than otherwise would be the case. While a gale from a southerly direction, acting in concert with the flowing tide, will produce a contrary effect.

In the following Table are included the watering places on our coast, which, on account of their proximity, are chiefly interesting to the inhabitants of Glasgow as places of summer visiting or retreat. It exhibits the number of hours and minutes that the time of high water, at the respective places, is *sooner* than the time shown by the Glasgow Tide Table.

THE VERY GREAT SUCCESS of this Company, since its establishment, may be attributed, among other causes—1st, To the acknowledged ADVANTAGES afforded by its DIFFERENT PLANS OF ASSURANCE; 2d, To the COMPLETE SECURITY afforded by the Subscribed Capital of a large and influential Proprietary; 3d, To the AMOUNT OF BUSINESS secured by the Deed of Constitution from that Proprietary, INDEPENDENT OF EVERY OTHER SOURCE; and, 4th, To the ADOPTION OF PREMIUMS calculated at MODERATE and yet PERFECTLY SAFE Rates.

PARTIES MAY ASSURE ON THE PLAN OF PARTICIPATION IN THE PROFITS of the Company, and secure every advantage to be had in a Mutual Assurance Society, WITHOUT THE SMALLEST RISK OR RESPONSIBILITY. Or,

THEY HAVE THE OPTION OF ASSURING AT THE LOWEST SAFE RATE OF PREMIUM, if they wish merely to secure a certain fixed sum at the most favourable per centage, whether IN CONNECTION WITH LOANS or otherwise.

ASSURERS ARE ALLOWED TO ADOPT ANY PLAN IN THE PAYMENT OF THE PREMIUM most convenient for themselves.

In the DISTRIBUTION OF PROFITS, they have the great and well-known advantage of EARLY CONNECTING THEMSELVES with a Company established within the last few years, which has not yet made a Division of Profits, and which has already secured a very large and increasing business.

EVERY ADVANTAGE will be given to Assurers in the NEGOTIATION OF LOANS, by Redeemable Annuity or otherwise.

TO PARTIES PROCEEDING ABROAD, beyond the limits of Europe, EVERY FACILITY IN THE OBTAINING OF LICENCE will be afforded at RATES PROPERLY GRADUATED TO THE RISK.

NO ADMISSION FEE IS CHARGED AT ENTRY; and there is no additional expense whatever to Assurers, except the Policy Stamp.

IN ALL RESPECTS, the Company's Business is conducted in such a way AS TO AFFORD EVERY FACILITY AND ENCOURAGEMENT which can be offered for the extension of Life Assurance.

Specimens of the Tables of Premiums are subjoined, and all additional Information will be given at the HEAD OFFICE, at the OFFICE IN EDINBURGH, and at the COMPANY'S AGENCIES.

### SPECTACLES ADAPTED TO EVERY DESCRIPTION OF VISION.

Universal as is the use of SPECTACLES, it is imperatively necessary that persons who require their aid, should exercise proper caution in their selection. Experience has, however, shown that there exists a prevailing inattention to this most important subject. If the value of the organ of Vision were duly estimated, then would persons requiring the aid of Spectacles apply only to a respectable Optician, by whose practical knowledge lenses adapted to the visual angle would be supplied. Mental irritation is frequently produced by organic Diseases of the Eye, which render persons so affected fit objects for the absurd but rapacious practices of those ignorant and quack venders of Glasses, who are found hawking throughout the country, practising the most bare-faced impositions, under the pretext of distinguished patronage, (charging double the price, for the most common description of articles, for which the best might be obtained of a respectable Optician,) and, by their ignorance, vending Glasses, neither truly ground nor of an adapted focus. The public cannot be too earnestly cautioned against such pretending quacks.

## J. & W. THOMSON, WHOLESALE & RETAIL HAT MANUFACTURERS, 83, TRONGATE, GLASGOW,

AND

## CROSS, KILMARNOCK, AYRSHIRE,

BEG leave most respectfully to tender their thanks to the Public in general for the very distinguished patronage bestowed on them since they began business in Glasgow. It shall always be their endeavour to merit an increase of that favour already so liberally afforded them. They request intending purchasers of HATS and CAPS to bear in mind that the materials for the manufacture of THEIR goods are all made in ready cash, having thereby the benefit of a liberal discount, which enables them to sell on the lowest possible terms.

They claim the prerogative of being *Masters* of their *Business*, having been upwards of thirteen years practical manufacturers in the Hatting Trade, with a progressing increase, the most extensive of the kind for many years in the shire of Ayr.

As few gentlemen are judges of the *qualities* of a HAT, they, with diffidence, solicit a dependence on their word of commendation, and presume the public will find no deception on relying on their fidelity. One of the parties is always at the head of each Establishment.

The Patterns of Fashions, Shapes, Qualities and Prices of their Hats and Caps, may all be seen in their windows, where each article is displayed in a very novel and pleasing manner by revolving machinery, the only exhibition of the kind in the City of Glasgow.

J. & W. T. have always on hand an Assortment of the best London made Hats for those who prefer that manufacture.

N.B. *Ladies' Beavers in their Season.*
